FYI and passdown for you for this thursday.

Mayor's office is going to use one of our tables and some chairs from the plaza for a booth at ArtWalk this Thursday.

That sounds great! Let's go with that plan. Thanks very much for your help.

Best,

Carter

Hi Carter,

At our office we have folding chairs, but no tables.
I like your idea of using a table/chairs from the plaza and you can definitely do that.

I'll let our security team know, so they won't try and apprehend you guys when you grab the items.

When returning the tables and chairs to the plaza, if the other tables/chairs are put away you can return them to our field office down the street at 5026 Lankershim Blvd. Just call the office line first (818.761.8230) to make sure someone is in the office. My cell is 562.773.5852 if you have any issues returning them.

Thanks,
Aaron

Hey Aaron,

Thanks again for your contact with the Art Walk. We're in touch with the organizers, and are going to host a little spot with materials and posters -- location still TBD.

I know it's short notice, but I'm wondering if the BID might have a small folding table and a couple chairs Great Streets could borrow from 6-9PM that night? Our typical city rental vendor was not able to accommodate our request.

We could even use one of the NoHo plaza bistro tables and a couple chairs if you're comfortable with that.

Thanks as always for your partnership!

Best,

Carter

Hi Carter,

The NoHo Art Walk is still active!

The organizer contact is Justin Olsen, nohoartwalk.la@gmail.com

Question for you- do you know if the Great Streets Great Business Program applies to our area of Lankershim or only to the area north of the BID area?

Thanks,
Aaron

Hey Aaron,

Hope you're well. I was wondering if you had any info on the NoHo Art Walk that happens on Third Thursdays. Is that still an active program?

We're looking to start doing some surveys about the Lankershim Blvd Great Streets project and wanted to see if it's still going on and if you had a contact for the organizers.

Best,

Carter
